Gas Rates Discussed By Coleman Town Council

Gas rates were the main item on the agenda of Coleman council at its meeting held last week.

A price survey from Bannister Construction Company Limited of Edmonton, who did a survey of the town at the request of the town council, who are giving consideration to a public-owned utility, revealed that the cost of installation of such a system would be in the neighborhood of \$233,000.

The first 2,000 cubic feet (mcf) would cost \$3.50 and each additional mcf would cost 66c. Commercial rates under this system would be 54c for all additional gas over 200 mcf.

Minimum billing would be \$10.00. Canadian Western Natural Gas Company rates disclosed their price as being \$3.25 for the first 2,000 cubic feet and 55c for all additional mcf.

There would be no cost of installation to the town and commercial rate would be 41c per mcf after 1100 mcf. Fixed charge

would be \$15 per month.

No action was taken on the matter by council, who will meet again this week to further discuss the matter.

J. Hall of Hall's Funeral Services Limited has requested that the town take over grave digging in Coleman. Some discussion was held on this matter and no definite action has as yet been decided.

It was reported that favorable progress was being made on the housing development site north of the ball park in Coleman.

Several more local men have been hired under the Winter Work Project to work on this and also to work on the development and repair work being done in the local park.

Council are planning to rebuild the rbbing in the small creek that passes through the park and clean-up and beautifying of the hillside is included in the plans for the park area.

High "C" Group Is Formed

The Crows Nest Pass High "C" Group, under the leadership of Marsh Hopkins of Blairmore, met at the home of Mr. and Mrs. Albert Wilke of Bellevue this week.

The group, recently organized, has a membership of 35 and is open to teen-agers from 15 years and up, and is for the purpose of teaching fellowship and some religion.

Social activities are also enjoyed by the group and meetings alternate in the Pass towns of Bellevue, Hillcrest, Blairmore and Coleman.

The matter of the Rally scheduled to be held in Medicine Hat in April was discussed and a good attendance from the Pass is expected to attend the affair.

C.N.P. Reg. Nurses Elect Officers

The Crows Nest Pass Chapter, Registered Nurses Association held their regular meeting on April 5th in the Nurses' Recreation Room of the Crows Nest Pass Municipal Hospital.

The election of officers took place. President, Mrs. Nettie Kinnear; vice-president, Mrs. Dora Krebs; secretary, Mrs. Flo MacLeod, and treasurer, Mrs. Margaret Krywolt.

Miss Joyce Matheson, Reg.N., (Chinook Health Unit nurse), gave an interesting talk on pre-natal clinics, which are being held for persons interested in the Isa Belle school high school auditorium at Blairmore.

Lunch was served by the committee.

Cancer Workshop Very Successful Affair

Close to seventy persons from the Crowsnest Pass towns attended the Canadian Cancer Society Crowsnest Pass Branch Crusade Workshop held in the Elks Hall on Tuesday, April 3rd.

The affair was opened when Mrs. Helen Nedd, president of the local branch, welcomed the guests and introduced Dr. K. R. Thornton of Medicine Hat, Dr. Thornton is second vice-president of the Alberta division of the Canadian Cancer Society and in his opening remarks expressed greetings from the Medicine Hat and the Alberta Council.

Dr. Thornton's address dealt with the Canadian Cancer Society and what it is. He emphasized the fact that the society was a voluntary organization and was dedicated to finding the cure and the causes of cancer.

He said the organization was the only voluntary lay organization in Canada and that there were 1,500 branches across the Dominion. Purpose of the organization he said was to educate the public with regard to cancer, to educate the doctors and to support all phases of Cancer work and that every effort is being made to improve treatment, welfare services and to encourage people to have early diagnosis made of any possible cancer signs.

He mentioned the great support that the Society were receiving and highlighted this fact by stating that the first canvass for funds for Cancer work had netted \$486,000.00 and the last years campaign had totalled \$3,760,000.00.

He said that over half or 51.1 million are being used annually for medical and scientific research, 16% is used for welfare, 3% for associated groups, 3% for capital expenditures and 5% is used in the cost of raising funds.

Dr. Thornton then spoke on the extreme importance of an early check over when any of the cancer possibility signs are noticed. He said that in 1959 one out of every four persons were saved, in 1960 one out of every three were saved and if an early check is made one out of every two persons can be saved from cancer.

He said that in most cases persons visiting their doctors with a fear that they may have cancer find out that it is something else. He also said that 99.9% of all skin cancers are successfully cured and persons need never return and that 85% of all breast cancer in women are successfully treated.

With this fact in mind, Dr. Thornton stressed the vital importance of an early check-up.

Concluding his interesting talk Dr. Thornton said that 25 years ago pneumonia was a dreaded illness from which many persons succumbed, but scientific research had found a cure for this and he added we will find a cure for cancer, and it will only be found through the help given by the voluntary workers.

The next speaker was Miss Fillipini of Calgary, who gave an interesting talk on cancer dressings, their use and where they may be obtained. She said that the dressings are provided free of charge and are made by voluntary workers in Calgary. When application is made for the dressings, the dressings are sent in a plastic wrapper as many persons she said are very self conscious about receiving

the dressings.

She said that some 500 patients had received dressings in 1961. Requisition forms for dressings may be obtained at any hospital where the patient had or is taking cancer treatment. She also mentioned that last year 200 persons had had the use of special equipment such as wheelchairs, over-bed tables and other equipment through the Society's welfare service.

She mentioned that Ulster House in Calgary had been opened up for the use of patients and the house is only one block from the Cancer Clinic. She pointed out that charge per day for room and board at the Ulster House was only \$5.00 per day.

Miss Fillipini also said that drugs, narcotics, barbiturates, and tranquilizers were also available free on prescription from a doctor and that in the case where a mother stricken by cancer required housekeeper service, this could also be arranged through the Society. Prior to concluding her remarks Miss Fillipini also spoke briefly on some of the other services of the Society.

Mrs. D. Quintillo of Bellevue Welfare chairman then outlined some of the services the local chapter had dealt with during the past year and gave figures on the monies that had been spent here to assist local cancer patients in the Pass.

A banquet supper was then served by the Ladies of the Coleman Order of the Royal Purple. Following supper, Dr. Thornton gave another interesting talk on Cancer Research and drugs. The Cancer Crusade was then discussed after which two films were shown. During the workshop discussion groups were held and a question box was put up and a number of questions put into the box were answered by Dr. Thornton and Miss Fillipini.

The workshop was one of the most successful ever held in the Pass.

Blairmore Man Accident Victim

Francois Gosse of Blairmore, was killed Tuesday evening, April 3rd, when he was struck down by an east-bound car driven by Ernie Trozzo of Coleman.

Mr. Trozzo was proceeding in an easterly direction when the mishap occurred. Passenger in the car was Edith Wade, also of Coleman, and the couple were enroute to the Turtle Mountain Hotel at Frank to have supper.

The accident happened shortly before 8 p.m. at an intersection on the Blairmore main street (No. 3 highway) at the P. M. Thompson Co. Ltd. crossing.

Coroner P. S. Radford of Blairmore, has ordered an inquest into the accident. Chief of Police Robert Dunlop and Constable Louglaas Bailey are investigating the accident.

Mr. Gosse, about 74 years of age, was a long-time resident of Blairmore and worked in the mines here before he retired in the '30's. He was predeceased by his wife in Blairmore and is survived by one son Desire of Calgary and three grandchildren.

Keep in a rut too long and you'll dig your own grave.

C. N. Pass Ideal For Heavy Water Plant

Ward of the possibility of a Heavy Water Plant being sited for construction in the Southwestern part of Alberta has been the subject for much discussion among many groups in this Crowsnest Pass district which is felt by many would be an ideal place for such a structure as many of the requirements and raw material for such a plant are all centered here.

It has been pointed out by local authorities in the Pass that coal in unlimited quantities are immediately available here and that gas from both the Pincher Creek and Sentinel plants could be utilized. Reports of the possibility of a dam being built in the gap area immediately north of the Pass is no dream as surveys are being made into the feasibility of such a project. Not too long ago Calgary power mentioned the possibility of a thermal power plant for South western Alberta which would utilize tremendous amounts of coal for the generation of electricity to serve this growing south area.

Main line of the Canadian Pacific Railway runs through the Crowsnest Pass and located geographically as it is the Pass forms the hub of an access route in all directions by highway. A good road runs north of Coleman through the Kanaskis to Banff passing by unlimited quantities of coal and near the proposed dam in the Gap.

This road also cuts off about forty five miles up from Coleman and leads off to Nanton and Calgary.

Coleman Boy Wins Piano Solo Class

Kenneth Murdoch on Thursday morning of last week at Southminster Church won the 15 years of age and under piano solo class of the Lethbridge and District Music Festival with his simply styled playing of John Ireland's "The Holy Boy".

Adjudicator Angus Morrison, of London, England, said the winning competitor "didn't try to do things" with the selection.

"It was a very sincere performance with a nice flow and good rhythm."

The adjudicator said Kenneth's balance between the two hands "can still be safer."

Constance Marconi of Coleman took second place. She was given 84 marks and much praise from the adjudicator for her interpretation of the harmonies in Ireland's composition.

Other Coleman pupils taking part in the Festival were Ralphina DeLuca, Jim Montalbetti, Denise Aiello, Chris Ondrus, Pat Ondrus, Arlene Krywolt, Noreen Woods and Brenda Woods.

Pensioners Hold Whist Drive

The Coleman Branch of the Pensioners and Senior Citizens organization held its regular monthly meeting in the Elks Hall when reports of the recent executive meeting held in Fort Macleod were read by those local persons attending the affair.

Following the short business session an evening of cards was enjoyed with whist prizes being won by ladies, 1st Mrs. Gleave of Blairmore, 2nd, Mrs. D. Pitt of Blairmore and consolation, Mrs. A. Beveridge, gents first Harvey Bouthillier, second, Mr. E. Gudmundson and consolation, Jack Johnston.

IN ORDER TO PUBLISH reports of meetings of various organizations, it would help if a press correspondent was appointed by each one to send in the news. It is impossible for a reporter to attend all the meetings, therefore co-operation would be appreciated, and at the same time publicity would be assured for the meetings.

Always The Actress The lady described to the film star how she had to appear in court to sue for divorce. She listened with cool calm interest, stepped to the mirror, put her hat straight and asked: "Who is taking the part of the judge?"

Mr. and Mrs. Young Feted at Farewell Parties

Mr. and Mrs. Dave B. Young were feted at a farewell party held in the St. Paul's United Church club room on Sunday evening, April 1, following the evening service. Lunch was served by the ladies of the Board of Stewards after which Mr. and Mrs. Young were called upon and both presented with a gift by Rev. H. G. de Leeuw on behalf of the congregation. Mrs. Young received a lovely painting of Crowsnest Mountain done by Mrs. J. Owen and Mr. Young was presented with a gold engraved leather bound Hymnary. The couple expressed their sincere appreciation for the gifts. A program of entertainment arranged for by Mrs. Bert Bond was well enjoyed and comprised several scottish songs sung by Fred Smith and daughter Valerie of Blairmore, a piano selection by Ken Murdoch, a song by Jill Ingram and several selections by the Senior choir led by Bert Bond. A community sing song was then enjoyed before the evening came to a close.

Mrs. Young was honored at another party recently at the home of Mr. and Mrs. B. Bond when some 25 close friends gathered to enjoy a social evening. Bridge was enjoyed with prizes going to Mrs. W. Purvis and Mrs. F. Abousaffy. Prize in the guessing game was won by Mrs. Nora Goulding. During the evening Mrs. Young was called upon and presented with a corsage and gift by Mrs. J. W. Colwell on behalf of the ladies present. Mrs. Young very ably expressed her thanks for the kind remembrance. A lunch was then served by the hostesses.

Mr. and Mrs. Young will leave this month to take up residence in Edmonton. Prior to his retiring from Coleman Collieries Mr. Young was vice president of the Collieries and during his many years here he took an active part in the church and community affairs.

Perfect Dream

An ardent fisherman was telling another fisherman about a wonderful dream he'd had: "I dreamed I was out on Lake Arrowhead, alone with Marilyn Monroe."

"What a dream," said the other. "How did it turn out?" "Just simply wonderful," said the fisherman. "I caught an 8-pound bass!"

Blood Clinic April 25th

Mrs. Joan Dunford of Coleman has announced this week that arrangements have been completed for the annual Red Cross Blood Donors Clinic to be held in the Elks hall in Coleman on April 25. The afternoon clinic will run from 2 p.m. to 3:30 p.m. and in the evening from 7 p.m. to 9 p.m.

Attempts are being made to appoint a convener for the village of Bellevue and Hillcrest, to assist the present workers with the canvass and other work connected with the clinic.

It has been reported that there was only one blood donor clinic held in the Crows Nest Pass last year and that more blood was used in the local hospital than blood donors provided at the clinic.

This fact well emphasizes the great need for donors to the clinic and all are urged to make an attempt to attend the April 25 clinic in Coleman.

Lundbreck Man Passes At 56

Stephen Kropinack, age 56, a resident of the Lundbreck community for many years, passed away in Blairmore on Thursday, March 22nd.

Born in Lethbridge in 1906, the late Mr. Kropinack attended school there prior to moving to the area north of Lundbreck with his parents to take up a homestead. He operated his own ranch there until 1950, when he started a taxi service in that town and operated it until his death.

Left to mourn his passing is his wife; two daughters, Vivian and Marion, at home; four brothers; Frank of Blairmore, John of Pincher Creek, and Albert and Tom of Coleman; and two sisters, Mrs. Frank Cerney of Blairmore and Mrs. Harry Palmer of Seattle, Washington.

Funeral services were conducted from Hall's Funeral Chapel at Blairmore.

A.O.T.S. Meet In Coleman

The Crows Nest Pass A.O.T.S. Club of the Pass United Churches met in the club rooms of Coleman United Church on Monday evening, March 26th when an interesting panel discussion on the subject "Is the Ministry in the Crows Nest Pass Overstaffed?"

Moderator of the interesting discussion was Marsh Hopkins of Blairmore, while taking part in the panel were Rev. Frances McLennan of Foremost, Rev. Sydney Bell and John Dutton, both of Lethbridge, Melvin Dunford of Coleman, Alfred McKay of Blairmore and William Marcolini of Bellevue.

Prior to the interesting talk a banquet supper was enjoyed by the 35 present, served by the Ladies of St. Paul's United Church.

A sing-song, led by Fred Smith of Blairmore, concluded the monthly meeting. The next meeting is scheduled to be held in the Bellevue United Church in April.

gary. Another road turns north from Lundbreck and heads to Calgary in a short route while the main number three highway runs east of the Pass and branches at Macleod to Lethbridge and north to Calgary.

From Pincher Creek the number three highway branches off to the Chief Mountain port of entry into the United States. The road west through the Pass also provides access to the United States or into central British Columbia.

Thus located it is the opinion of many that this Pass area is ideally suited for such a heavy water project and steps should be taken to see that information on the area be forwarded to the proper authorities.

A number of Lundbreck citizens including D. Timmermans, Charles Paton, Peter Iwasik, G. F. Heaton and Hilton Pharis who is the Lundbreck councillor on the Pincher Creek Municipal council discussed the matter at a meeting in Lundbreck on Tuesday and suggested that Mr. Pharis refer the matter to the Municipality of Pincher Creek recommending that information on the Lundbreck and Pass area be forwarded to the Research Council of Canada in Montreal.

The information would describe in detail the resources available in the Pass for a Heavy Water Plant and would also include a map of access highways and railways in the Pass district.

Maria Kanik Passes April 2 In C.N.P. Hospital

Mrs. Maria Kanik, Coleman old-timer, died in the Crows Nest Pass Municipal Hospital Monday night, April 2nd, following a very brief illness.

Mrs. Kanik, 79 years of age, was born in Wilkowice, Province of Biela Krakow, Poland, on February 2, 1883. She came to Canada in 1913 and resided in Bankhead until 1918, when she moved to Coleman and has lived here continuously until the present, with the exception of a short residence in Rimby in 1933. She is of the Catholic faith.

She was predeceased by her husband Karl, in Coleman, in December of 1949.

Surviving are three sons John of Calgary, Alex of Edmonton and Charles at home, and one daughter, Mrs. A. (Mary) Tiberg, of Blairmore, and one grand-daughter.

Prayers were said at the chapel of Hall's Funeral Services Limited in Blairmore on Thursday evening. Funeral services were conducted from the Holy Ghost Cathedral Church at 11 a.m. Friday morning and interment followed in the family plot in the Catholic cemetery.

The Rev. Denis Fleming officiated at the services. Hall's Funeral Service Ltd. of Blairmore were in charge of arrangements.

Mike Polak Passes March 29

Mike Polak, Coleman old-timer, passed away in the Crows Nest Pass Municipal Hospital Thursday evening, March 29th, following a two-year period of ill health.

Mr. Polak, believed to be about 74 years of age, was born in Poland, and came to Canada in the early teens. He settled in Blairmore, where he worked as a miner for the West Canadian Collieries until around 1935 when he moved to Coleman, where he gained employment as a miner at the McGillivray Mine.

He worked at this occupation until a few years ago, when he retired on a miner's welfare pension. He was a former member of the Coleman Polish Society, of the Coleman local of the U.M.W.A. and was of the Catholic faith.

He was predeceased by a daughter and is survived by his wife in Poland.

Funeral services were held on Thursday morning at 9 o'clock and interment was made in the Coleman Catholic cemetery.

The Rev. Denis Fleming officiated.

KNOW THE HAZARD - DO NOT LEARN BY ACCIDENT...

Spring weather has brought on the annual flurry of kite flying throughout the province. It is vital at this time, that parents become aware of the hazards present when children fly kites near overhead utility lines. All kites should be checked to see there is no metallic material present, such as used for wrapping Christmas presents or that the string is not actually fine metal wire.

Contact with an energized line can re-

sult in death or serious burns to the child, should a metallic kite string be used. Another hazard appears in the form of kites with metal frames. In the case of these falling across 2 power lines the kite would cause a short circuit, and the energized line could become burned through and then fall to the ground.

No one wants to suggest that kite flying should be banned, but we do request however, that all parents, especially Dad, warn their children against kite flying near power lines. If a kite should become entangled, please notify the nearest Calgary Power office and do not allow children or anyone except Power Company officials to free the kite themselves. For further information contact the service man or safety department in your area.

Competitive Enterprise.

After a complete study of the abovementioned discussion on Action is Needed Now will be held.

Speakers will include F. Richardson, manager of the organizational service department, C. C. of C., of Montreal; J. C. Donald, western representative Canadian Chamber of Commerce, and Reg Clark, Alberta manager of Chamber of Commerce.

Editorially speaking, the questions How Much Do We Care? and 'Has Some of the Glitter Disappeared from the Word Freedom?' have often been asked. Freedom used to be a bright and sparkling vision which led men to foreign shores and new worlds.

Perhaps the wars and confusion, the hates and persecutions of this century have been responsible for the tarnish which now exists.

With each crisis we have had to give up something of our freedom to preserve the rest. And when the crisis was over we never seemed to get back as much freedom as we had before.

The end result appears to be that freedom is being lost through slow erosion with little apparent concern on the part of the vast majority. Something more is needed than paying lip service to an ideal. It has been truly said that the way to preserve freedom is to live it. This means knowing what it is, practicing it and upholding it every day.

The democratic process functions only when the individual accepts his full responsibility as a citizen by informing himself about democracy, by forming considered opinions on public representatives. Failure in this regard means an inevitable drift to collectivism.

Only a free man can feel that sense of responsibility. How many people really care whether gov-

ernment intrudes more and more into the business field by competing directly with private enterprise? How many really care whether their rights as individuals are slowly being worn away by government intrusion into welfare fields formerly reserved for the individual? How many really care how their cities or provinces, or countries are being run?

The greatest danger we face today is apathy — apathy which is reflected in a vast indifference to the responsibilities of democratic citizenship. The main answer is courage — courage to do those things which we know must be done.

N. H. Bradley Retires From Prov. Dept. of Highways

Gordon E. Taylor, Minister of Highways, made the following announcement recently.

Mr. N. H. Bradley is retiring with distinction from active service after having served as District Engineer for the Department of Highways in the Lethbridge district for more than 38 years.

Mr. Bradley was born along the stage coach road between Fort Macleod and Fort Calgary, just north of High River in 1892; later he attended high school in Calgary and McGill University in Montreal where he took Civil Engineering.

Mr. Bradley later qualified as a Dominion Land Surveyor and did extensive engineering work with the railways. He married Miss Sade Ann Herrington of New Brunswick on January 4, 1922.

He joined the Provincial Department of Public Works in 1917 as an Assistant District Surveyor to Homer F. Keith, who later became Deputy Minister of Public Works. In 1917 Mr. Bradley worked in the Grande Prairie-Peace River country and in 1918 in the Athabasca-Smoky Lake area. In 1924 Mr. Bradley was appointed District Maintenance Engineer for the Provincial Department of Public Works and Highways in Lethbridge.

Mr. Bradley has served the people of Alberta with distinction in this position.

During Mr. Bradley's service, work has moved from the slip scraper and two-horse days, — through the four-horse and Fresno days, the farm steam tractor engines, the elevating graders to the present day heavy construction machines, and from the dirty trails to the present highly engineered stabilized roads.

Mr. Bradley has played an important part in the development of roads and bridges in southern Alberta, and in all of his work he has had the help and co-operation of Mrs. Bradley. Canadians generally, including thousands of southern Albertans wish "Brad", as he is familiarly known, and his wife, many happy years of retirement.

Mr. Bradley will be replaced by Rudy W. Kornelsen, who is presently District Engineer east of Edmonton.

Mr. Kornelsen was born in Coaldale in 1922. He received his Bachelor of Science in Engineering at the University of Manitoba, and his M.S. degree at Stanford University in Structural Engineering, having won the Arthur A. Newhouse Scholarship. He was Assistant District Engineer in Lethbridge from 1957 to 1960 when he was appointed District Engineer east of Edmonton.

R. McPetridge, presently Assistant District Engineer at Lethbridge, is being promoted to the position of District Engineer east of Edmonton. Mr. McPetridge has his Bachelor of Science degree in Civil Engineering, and prior to joining the Alberta Department of Highways, he had six years service with the Canadian Pacific Railway.

A. N. Colter, presently District Engineer at St. Paul, is being transferred to the Construction Branch and J. D. Walsh has been appointed District Engineer at St. Paul. Mr. Walsh was born in Alberta in 1921, and has his Bachelor of Science degree in Civil Engineering from the University of Alberta, where he graduated with distinction. He served as Resident Construction Engineer at the Regina Airport and as District Construction Engineer with Mobil Oil in Saskatchewan and Alberta. In 1958 he was appointed District Highway Engineer at Yellowknife in the North-West Territories and he joined the Provincial Department of Highways in 1961 as Assistant District Engineer in Peace River. Mr. Walsh has had several papers on muskeg — relation of roads and other construction, published. Mr. Walsh is married and has four children.

All of these retirements are effective April 1 next.

Freedom Seminar Set For April 18

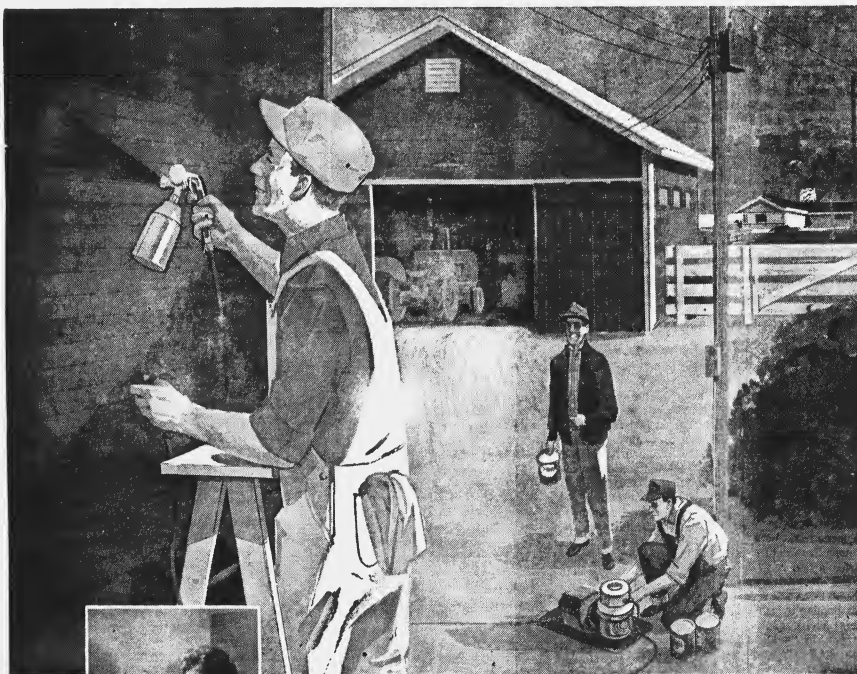

Plans are progressing for the Seminar on Freedom conducted by the Canadian Chamber of Commerce and scheduled to be held at the Turtle Mountain Hotel April 18 at Frank.

The Seminar will commence at 9 a.m. with registrations and will continue all through the day until 5 p.m.

Chairman of the affair will be John Kerr of Frank.

Addresses and sessions to be held will deal with the need for a freedom program to be followed by the topic The Threat to Your Freedom. Discussions will be held on What is Socialism? What is Communism and Where Does Canada Stand?

Other sessions will include discussion on Our System of Private,

Patricia paints the barn!

Painting a barn may seem like a big job for a young housewife to tackle. Patricia,

as the payroll clerk for Farm Electric Services Ltd., plays a big part in "bringing home

the power." It is power that helps to get work done efficiently by operating paint

sprayers, electric saws and other power tools — not to mention brooders, milking

machines, water pumps and home appliances.

Patricia is proud of the job that she is doing, in helping to provide Alberta's farms

and farm homes with this modern power service. She's another popular member of

the Calgary Power team . . . a team of people who take time to be friendly.

Lawrence E. Kindt, M. P. was
again nominated as Progressive-
Conservative candidate for the
Federal Constituency of Macleod
at the convention in High River on
Wednesday afternoon, this being
the third time he has received the
nomination (1957, 1959, 1962). About
400 from all parts of the wide
spread electoral district attended
including many lady supporters.
The president of the Constituency
Association, F. S. Kreutzer, was
chairman.Principal speaker was George
Hoes, minister of Trade & Com-
merce, who spoke on Mr. Kindt's
work in the House of Common's
and particularly of his achieve-
ments in promoting the interests of
his constituency in industrial de-
velopment of the Pincher Creek
and Sentinel oil fields and the sul-
phur plant, and the sale to the
Town of Fort Macleod of the for-
mer No. 7 SPTS site and buildings
for industrial purposes. He paid
tribute to Mrs. Kindt's help to her
husband in Ottawa.The record of the Diefenbaker
government was one of steady im-
provement in economic conditions
throughout Canada, bringing it
from a period of recession which
existed under the Liberal govern-
ment to the present prosperous
conditions and benefits to all
classes, particularly to the prairie
agriculturists and ranchers.

Reviewed Activities

Dr. Kindt reviewed his activities
whereby the constituency had
benefitted and expressed his gra-
titude for the support given him by
enthusiastic executive.The sale of coal to Japan had
been made possible by the subsidy
given by the government, thereby
providing employment to mine
workers, while the sale of wheat
to Communist China had been an
important factor in reducing the
wheat surplus, which in turn bene-
fitted the prairie grain growers.He said it was impossible to see
everyone in the constituency and
urged those supporting the P-C
party to use every effort to get
friends and neighbours to the polls.
No hint was given as to what date
the election would be held, though
preparations had already been
made awaiting the decision of the
prime minister.Mrs. Eva McLean of Lethbridge,
provincial president of P-C women's
organization, urged the
women to do their part, Mrs. RoyHenderson of High River was se-
cretary of the convention and elec-
tion of officers, all of whom were
re-elected by unanimous vote.Following the convention, re-
freshments were served by the
ladies of the High River associa-
tion. Lack of time before going to
Press does not permit a more de-
tailed report of the proceedings.Senator James Gladstone of the
Blood Indians made a brief address
on his work on behalf of the Indian
population of Canada.Jim Coutts
Nominated As
Liberal CandidateLiberals in Macleod Constitu-
ency nominated Jim Coutts of
Nanton to contest the forthcoming
election. Over 20 delegates attend-
ed the nominating convention.
Coutts was unopposed in the nomi-
nation.The twenty-three year old Presi-
dent of the Young Liberal Federa-
tion of Canada was born in the
constituency and lived most of his
life in the Town of Nanton.The candidate was nominated by
R. E. G. Armstrong, farmer of
Parkland and Angelo Gentile of
Coleman.In accepting the nomination,
Coutts said: "Nine years ago the
Liberals of Macleod placed con-
fidence in me by asking me to
assist in that campaign. Tonight
you have placed another trust in
me—I won't fail you."He paid tribute to former Lib-
eral candidates and the late George
Coutts, leader of the "Ginger"
group in the 20's who long repre-
sented the Riding.Coutts criticized the Tory Gov-
ernment for failing to recognize
the real problems of Canada and
failing to give leadership and direc-
tion. "Five years ago the Tories
promised this country hope — they
have given disappointment," he
said.The Liberals in office will deal
with unemployment, with farm
problems in a new way, and with
the needs of education.Liberals Association of Alberta,
310 MacLean Building,
Calgary, Alberta.N. D. Party
Is OrganizedThe New Democratic Party con-
stituency organization for the fed-
eral riding of Macleod was orga-
nized on March 25 in the Union hall
at Blairmore, and the following of-
ficers were elected:President, K. Iwasa, Blairmore.
Vice-president, Ken Rees, Blair-
more.Secretary, Keith Leal, Pincher
Creek.
Treasurer, Jack Griffin of Fort
Macleod.The speakers for the evening
were Mr. Neil Reimer, Provincial
President of the New Democratic
Party, Canadian Director, Oil,
Chemical and Atomic Workers' In-
ternational Union, and Mr. Roy
Jamah, representative of Oil,
Chemical and Atomic Workers' Un-
ion, vice-president of Alberta Fed-
eration of Labor, and member of
the Provincial Council of the New
Democratic Party. The meeting
was informed that the New Demo-
cratic Party was now organized in
14 of the 17 federal constituencies
in the province of Alberta, and
that the party hopes to have a
candidate running in every con-
stituency.After considerable discussion, it
was decided that the Nomination
Meeting for the candidate for this
constituency should be held on
Tuesday, April 17th, 8:00 p.m., in
the Union Hall at Blairmore.Discounters claim
save Canadian
shoppers 10 per centCanadians can save 10 cents on
every dollar by shopping at dis-
count stores which sell everything
from toothpaste to cars."Although you may save at these
stores, you may not receive brand
merchandise," said a writer in a
national magazine recently.Pressure is put on suppliers by
other retailers to cut the discount-
ers off. Some manufacturers feel
their products will lose prestige if
associated with these cut-rate
stores.This indicates the competition
which has risen between the new
arrivals and old-line department
stores.Eaton's and Simpson's, largest
of the downtown Toronto depart-
ment stores have opened "Bargain
Warehouses" in the suburbs,
denying these are discount stores.The discounters claim they save
money by omitting the services
normally received in the old-styledepartment stores, such as free
delivery, charge accounts, unlim-
ited refund and unwanted atten-
tion from sales clerks. One dis-
counter feels it's important that
discount stores be one-floor oper-
ations. It saves money on escalat-
ors and elevators, and makes it
easier to keep track of shoplifters.
"In the old-line department store
Mrs. Cash - and - Carry subsidized
Mrs. Rich-Rich who charges pur-
chases and has them delivered,"
said the president of a leading
store."With our self-serve system we
can sell a pair of shoes for \$2.44
if we bought them for \$2.00. You
would take them home in a paper
bag worth half a cent, not wrapped
in a carrying box worth 10c or
more," said the president of an
other large discount house, the
first one opened in Toronto a year
ago.

Letter to the Editor

926, 18th Ave. N.W.
Calgary, Alta
March 22, 1962

Dear Mr. Holstead:

Please find enclosed money order
for The Journal for 1961 and 1962.It was an oversight so thought
I had better get it in the mail.We look forward to having The
Journal. I used to send it to Ger-
many for Margaret to read after
the rest of the family read it.When she returned to Canada it
went to Edmonton. But now she
is in Calgary so they all come
home to read it or else I send it
around to them.Hoping you and Mrs. Holstead
are well and like everyone else
looking for the warm weather.

Yours truly,

MRS. ERNEST R. KENNEDY.
